## OUR TEAM

Altair is a corporate group of high calibre individuals based in Jersey. With qualified accountants, lawyers, and investments and governance professionals on the team, we can support all aspects of corporate governance and service delivery.

**INDIVIDUAL EXPERIENCE  
COLLECTIVE STRENGTH**

## INDIVIDUAL EXPERIENCE

### Professional directors

Our directors have chosen directorships as a profession, building on years of relevant experience. An Altair individual gives you the confidence that you have selected the right person for your needs.

### The right qualifications

Altair directors are professionally qualified and experienced practitioners. Accountants, lawyers, and investments and governance specialists, they bring relevant specialist and technical knowledge to board appointments and our consultancy services.

### Proven leadership and governance

Our directors average over 30 years' experience each. They understand the complex regulatory landscape, and promote robust corporate governance and proactive participation.

### Commercially astute

Altair directors possess a deep understanding of the funds and fiduciary services market. This commercial awareness informs effective decision making to both protect existing business ventures and create new opportunities.

## The highest ethical standards

Altair directors operate to the highest standards with strong accountability. Our core values include integrity and good governance.

## Proactive and supportive

We build relationships based on trust and transparency. You will reap the benefit of our analytical skills and independence of thinking. We have the capability to challenge constructively, as well as to support.

“Altair is a fundamental part of the offshore fund ecosystem, we have worked with Altair since its formation in 2012 and have always been impressed by their willingness to support and find commercial solutions when situations arise.”

 **INVISION**

## COLLECTIVE STRENGTH

In appointing an Altair independent director, you are choosing more than a high calibre individual. You gain access to the collective strength of a regulated director and consultancy services business.

### **Uncompromising standards and accountability**

Altair directors operate to the highest ethical standards with uncompromising accountability. Our individual directors are selected for their integrity and commitment to strong governance.

### **Rigorous policies, procedures and risk management**

Altair promotes best practice and has developed a professional infrastructure around its services, incorporating policies, procedures and control systems designed to meet applicable legal and regulatory requirements and the highest standards of corporate governance.

### **Monitored continuing professional development**

We track and document our directors' skills, knowledge and experience, ensuring each individual stays up to date with current best practice and standards. Our collective commitment to CPD ensures Altair directors operate efficiently and effectively, and contribute valuable knowledge to our clients.

### **Diversity of experience**

Our clients include a diverse array of organisations prominent in their fields, including private equity, real estate and hedge funds, public and private companies, investment banks and investment advisers.

### **The knowledge and ability to react to change**

Enabling full compliance with changing regulations is a crucial and increasingly complex challenge for funds and fiduciary service organisations. Altair directors have the specialist knowledge, experience and ability to ensure a supportive approach to regulatory consultation and change.

### **Robust legal, compliance and accounting support**

We benefit from specialist skills on call within the team, which adds value to our client relationships.

---

## **Knowledge sharing culture**

Altair directors always act with integrity and discretion, ensuring the highest standards of confidentiality. But we are also proud of our culture of collective intelligence, which encourages and enables the exchange of knowledge, insight and experience in order to benefit all of our clients.

## **Leading technology, data protection and security systems**

Altair's IT systems are hosted by a specialist provider who manages all aspects of security, including daily backups. Our team receives cyber security training, and all laptops are encrypted. We test our business continuity planning on a regular basis.

## **Regulated by the JFSC**

Founded in 2012, Altair Partners Limited is regulated by the Jersey Financial Services Commission. We interact with regulators in the same way as many of our clients.

## **Corporate & Social Responsibility**

Through our charitable trust, Magpie, the Altair team actively supports local community initiatives with our time and sponsorship. See [www.altair.je](http://www.altair.je) for more details.
